The Mail Theft Solution: Pinnacle Locking Mailbox

The “Pinnacle”

The Pinnacle locking mailbox secures incoming mail to safeguard your personal information. The Pinnacle locking mailbox will meet your needs for security, long lasting durability, and great value.

Security

The Pinnacle is designed to comply with postal regulations.

- Secures mail by means of a unique rocking drop chute; allows mail to be easily deposited, yet keeps thieves out.
- The locking door ensures that mail remains secure until you retrieve it with your key.
- And the Pinnacle is large enough to store several days of mail.

Durability

The Pinnacle locking mailbox will withstand anything the elements (and the neighbor kids) dish out.

- Manufactured of reinforced aluminum plate, lighter than steel for easy installation yet strong and 100% rust- and corrosion-free.
- Each Pinnacle mailbox is finished with environmentally safe powder coat paint for years of color protection.

Value

The Pinnacle lives up to it's name for security and durability at a reasonable price. Attractive and well-built, the Pinnacle is designed to be the last mailbox that you will ever need to purchase. Our customers say great things about the product.

“Thanks for making such a great product. I was extremely impressed with your speedy shipping and great packing.”
